

TITAN DECK

Walk all over us. We can take it.

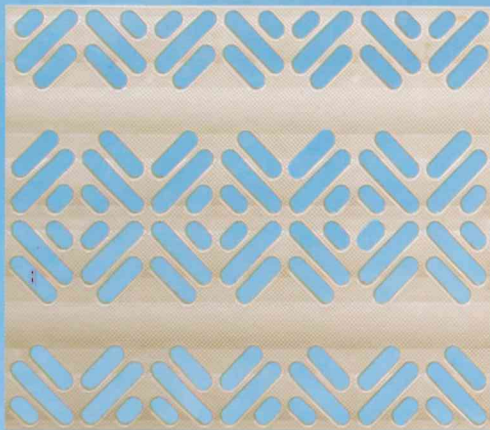

Specifications & Comparisons

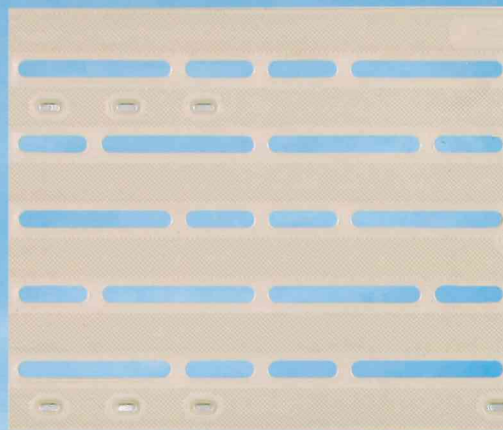

- The over-lapping design allows you to space the boards to fit your application with less need for cutting.
- Compared to traditional decking choices, Titan Deck's design allows dirt, sand and debris to pass through the openings and not collect on top.
- Titan Deck boards are made of polypropylene using the injection molding process. Unlike other molded deck products, Titan Deck has the option of adding aluminum stiffeners.
- Strong, durable & maintenance-free.
- Never needs staining or painting.
- Allows sunlight to pass through, keeping vegetation alive.
- Made of environmentally-safe material.
- Not harmed by gasoline or other household chemicals.
- UV-protected to minimize fading.
- 12-year limited warranty.

Made Tough To Last A Lifetime

Titan Deck will take everything you and Mother Nature can throw at it. Both Titan Classic and Titan X-Series are maintenance-free and environmentally safe, with a non-slip surface that is barefoot friendly. Titan Deck boards are UV protected to minimize fading over time.
