**To insure your safety while assembling your Voyager product:**

- Fully read and understand the assembly instructions
- Do not assemble this product if items are missing or damaged
- Wear protective gloves, clothing and eye wear when assembling this product
- Check tightness of all hardware each year to avoid injury

**Installation procedure**

The following tools will be needed: (2) 7/16" wrenches, drill, 17/64" drill bit, (3/8" ratchet, 3/8" extension, 3/8" socket & 1/8" drill bit when using self tapping screws on top) or (rivet gun & 13/64" drill bit when using rivets on top), Phillips screwdriver.

1. Hold bumper up to corner of dock to desired location and mark holes for fasteners.
2. Drill with 17/64" bit and drill bottom 2 holes for 1/4" bolts.
3. Drill top holes with either 1/8" or 13/64" bit depending on type of fasteners used.
4. Put 1/4" bolts & washers into bottom holes & put washer and nut on.
5. Put screws or rivets in top holes and fasten.
6. Tighten bottom bolts with 7/16" wrenches.
